L 8" x W 6" x H 10.5"
(203 mm x 152 mm x 267 mm)

Air compressor
required*

SANDSTORM MOBILE I/O: PN 80141

MEDIA TYPES

available from Vaniman:

- Aluminum Oxide
- Sodium Bicarbonate
- Glass Beads
- Walnut Shell

Our sandblasters can be used with any dry media type within the size range specific to the tank and tip (25-50 μm , 50-100 μm , or 110-250 μm).

Vaniman's SandStorm Professional is the perfect micro sandblaster for a wide range of applications, including surface prep, composite cleaning, tool cleaning, appliance cleaning, post-print parts processing, marking, polishing, peening, smoothing, sharpening, deburring, deoxidizing, and tons of other uses.

For those looking for greater control for more delicate projects, the SandStorm Mobile I/O provides consistently pressured Instant-Off media flow.

* Air compressor required (not included). Compressed air requirements: minimum 90 PSI at 1.5 CFM (recommended 2.5 CFM).
